

LET'S PY

Python is so easy to learn and use, that it also might be easy to re-invent the wheel for common tasks. The code readability of Python sets it apart as one of the most widely used programming languages in the industry.

Till now, you have learnt all the concepts of Beginning With Python & now you can easily write programs in Python. In the next part of this course which is Advance Python, we add breadth and depth to your Python skills. We go beyond the Basics to deepen and broaden your knowledge and explore the topics you'll need to create robust and readable Programs, you'll learn extended features of Data types, OOPs Concept, Data Structure with Python & much more.. As you know Python is a great dynamic language for web development, big data, science, and scripting.

The registration for Beginning with python part was free & *to enroll in the Advance Python program you need to pay the registration fee of INR 300.* You can pay the registration fee through any digital mode of payment on the address given at the bottom.

But the best part is we have also taken care of your enthusiasm for this course, *so we'll be selecting 3 students from this Program who follow all the guidelines of this course. For these selected students the entire course will be free & full registration amount will be refunded to them.*

Guidelines for Advance Python program----

1. All the sessions of the program will be as per the class schedule.
2. After completion of topics all the course material will be provided by mail/whatsapp.
3. Participants (referred to as 'You' or 'Participant' henceforth) are expected to be very punctual.

LET'S PY by shakti Jaiswal

4. No certificate will be provided for these classes. But we will give you free access to an online course. so, you will get a certificate of learning.
5. You agree that you are not going to miss any interactive online class of the program.
6. You agree and understand that the classes will be conducted online (for a duration of 1-2 hours) each day.
7. Separate classes will be run for old topics along with these classes.

Registration Link --- <http://bitly.ws/8Ez6>

Registrations will be open till 28th may.

You can pay the Registration fee through any digital mode-

1- G-Pay / Paytm / Phone Pay - 7704012770

2- Upi - 7704012770@upi

Class schedule will be Communicated separately on whatsapp

Happy Programming !!
